Git and Github, Microsoft Office, Google G-Suite
Linux

Soft Skills

Leadership, communication, problem-solving, fast learner, teamwork, open-mindedness.

Web development

HTML and CSS

📁 PROFESSIONAL EXPERIENCE

Computer Science Tutor, Centre College 01/2023 – present
I work as a peer-to-peer tutor for the Intro course of programming and problem solving using **Python**.

Calc I Tutor, Centre College 01/2023 – present
I work as a peer tutor of Calc I, teaching the basic notion of function, the rules of derivation, and more complex topics such as Lagrange Multipliers.

Spanish Tutor, Centre College 09/2022 – present
I work as a peer tutor for topics from Spanish Grammar to complex Spanish composition, phrasal verbs, and colloquialisms.

📁 PROJECTS

GuateAbroad 🌐 01/2023
I developed a responsive website that allows Latin American youths to know the steps to follow to pursue an Undergraduate education in the USA. I Built it using **CSS**, **HTML**, and **JavaScript**.

A fairer system of election, Voting Theory 🌐 01/2023
A proposal to change the Guatemalan voting system to make it more fair and impartial. This proposal was developed using simulations in **Python** and the libraries **Numpy** and **Matplotlib**.
